The Environment

- ❖ 1950s noir-esk style office in an apartment setting
- ❖ Small and compact area but with a lot of things the player can look at and interact
- ❖ Vintage & retro look (no modern!)
- ❖ Use of browns, greens, dark reds...

The Lighting

- ❖ Warm colours and tones
- ❖ Set in the late afternoon
- ❖ Ambient and lean more on the darker & spookier side with a lot of shadows (bright enough to see everything however)
- ❖ Bright warm light coming from lamps
- ❖ Ambient somewhat soft cool natural light coming from window

Art Asset Style

- ❖ Semi-realistic but still keeps a bit of exaggerated fantasy elements
- ❖ Low Poly
- ❖ Basic textures, mostly flat
- ❖ Some shine and reflections but these are mostly muted/not necessary
